Confirmation No.: 7766

Examiner: Terressa M BOYKIN

Filed: December 30, 2005

For: METHOD FOR PURIFYING MATERIAL TO BE TREATED AND METHOD FOR
PRODUCING COAGULATED MATERIAL

INTERVIEW STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In a telephone conference of September 26, 2008 with the Examiner, the undersigned requested clarification of the indication of new matter as set forth in the Advisory Action dated September 23, 2008. The undersigned noted that the substance comprising carbon dioxide contacting the treatment target substance [A] had been relabeled as the substance B, so as not to confuse with the Group A of Formula (1) and (2). In other words, B is just a name given to the substance, and does not add any new material into the specification. Further, the undersigned noted that corresponding changes have been made to the specification.

The Examiner kindly agreed to revisit the Amendment under 37 C.F.R. § 1.116 filed September 8, 2008, refiled concurrently herewith.

Respectfully submitted,

SUGHRUE MION, PLLC
